SOLD EXCLUSIVELY THROUGH PREFERRED DEALERS • [TuffBoyEquip.com](http://TuffBoyEquip.com)

# LOW PRO CAB™ WITH 'ARCTIC COOL' A/C

OE STYLE INTERIOR & HEADLINER + LED LIGHTS + POSITIVE PRESSURE + MORE!

## CERTIFIED CAB

Cab, fenders and tub are Uni-Body construction. Factory ROP tubs have been removed and replaced with a fully welded Uni-Body cab for **SAE J1194 ROPs** certification.

## TOUGH 'BULLET PROOF' GLASS

Operator has ample views of work area while maintaining maximum safety behind HERH 1/2" bullet proof, tempered and laminated glass. Rear hatch allows operator to see the entire three point hitch for easy attachment of implements.

## TB EQUIPMENT CAB'S FEATURE:

- Climate Control Heater/AC
- LED Work Lights
- Heavy Duty Pressurizer/filter
- Charcoal filter for pressurizer
- Quality acoustical floor mats and headliner for superior noise reduction
- Mylar fire wall liner to prevent engine heat transfer to cab
- Limb Protection: Limb Lifters
- AM/FM Stereo with auxiliary outlets
- Powder Coated Finish
- Uni-Body steel construction
- Roof Scratch Guard (UHMW)
- Air Seat (optional)
- Rear Window Wiper (optional)

## JOHN DEERE + TB EQUIPMENT

The **LOW PRO CAB** by TBE offers the most functional layout in the industry. It's narrow low profile design features maximum visibility, quiet ergonomic interior and solid Uni-Body construction for ultimate safety and comfort.

Standard and optional features + attention to quality and detail + outstanding safety protocols and certification, adds up to **"The World's Finest Orchard Cab"**.
